

The cost to run the sauna in at your business for a 40-hour week

Understanding your Sauna Operating Costs

The cost of operating our Saunas can be determined by dividing the total wattage of any sauna by 1000. For instance, in the case of a Sanctuary Professional 2 with a power draw of **2650 watts**, the calculations would yield **2.65 kWh**(kilowatt-hours).

The Average Electricity Rate in the U.S is **15.45 cents per kilowatt-hour**. Multiplying this by the usaged of the Sanctuary Professional 2 (2.65 kWh0 results in **.41 cents per hour**.

8 hours per weekday, the average cost to run the sauna for a **40 hour week would total \$16.40**

Sauna Model	Cost
Sanctuary Professional 2	\$16.40 / Week
Sanctuary Professional 3	\$19.60 / Week
Sanctuary Profesional Retreat	\$33.20 / Week
Sanctuary 2	\$14.00 / Week
Sanctuary Retreat	\$22.40 / Week

The table above uses a sample of some of our most popular sauna models. For a full list of options, find our interactive electricity cost calculator on **infraredsauna.com**.
